

RESEARCH FRONTIERS LICENSEE PRELCO TO EXHIBIT SPD-SMARTGLASS AT THE BUILD BOSTON SHOW THIS WEEK

Research Frontiers licensee Prelco Inc. will exhibit SPD-SmartGlass™ this week at the 25th annual Build Boston show being held from November 18-20, 2009 at the Seaport World Trade Center in Boston, Massachusetts.

Prelco is an ISO 9001 company and is the leading manufacturer of industrial, transportation and architectural safety glass in Canada and the northeastern United States. Research Frontiers licensee Hitachi Chemical Company, Ltd. produced and supplied its high-performing SPD film to Prelco, which does its own lamination. More information about Prelco is available on the company's [website](#).

Prelco's booth at Build Boston is #736.

Build Boston is the largest regional convention and tradeshow for the design and construction industry. More than 10,000 building industry professionals from 43 states and 19 countries attended last year's event. Additional details about Build Boston are available from the event's [website](#).
